A.A.D.A.A. Goals & Purposes

- Become aware of the substance abuse problem in our society and how it affects our families, communities and ourselves.
- Become informed as to the facts – and be ready to dispel the myths – about alcohol and other drug use so that the subject can be freely discussed within the family unit and in community settings.
- Recognize that the role of community member and parent requires responsible behavior and clear positions regarding alcohol and other drug use in our own family and within the community.
- Help youth become capable adults by providing opportunities that promote positive self-image and critical life skills.
- Encourage and sponsor creative social activities that are drug-free in setting.
- Encourage parents to host well supervised parties for youth that limit the number of guests to a controllable number and work to develop family standards that prohibit the use of alcohol and other drugs by adolescents in the home, at any time.
- Provide opportunities that allow families to communicate with legal, medical, and social service agencies, and with other families so that a consistent message concerning youth behavior is established within the community.
- Support school and law enforcement policies regarding the use of alcohol and other drugs by persons within the community and encourage appropriate and consistent consequences.
- Request and endorse comprehensive prevention programs for grades K – 12 that deal with alcohol and other drugs in the local school system.

Ted Leszkiewicz (PNC), "...This program will serve as a tool to communicate, inspire, and motivate your Post to act as a clearinghouse for information and support for those in need."

The Ted Leszkiewicz

AMVETS

Against Drug and Alcohol Abuse

(AADAA) Program
